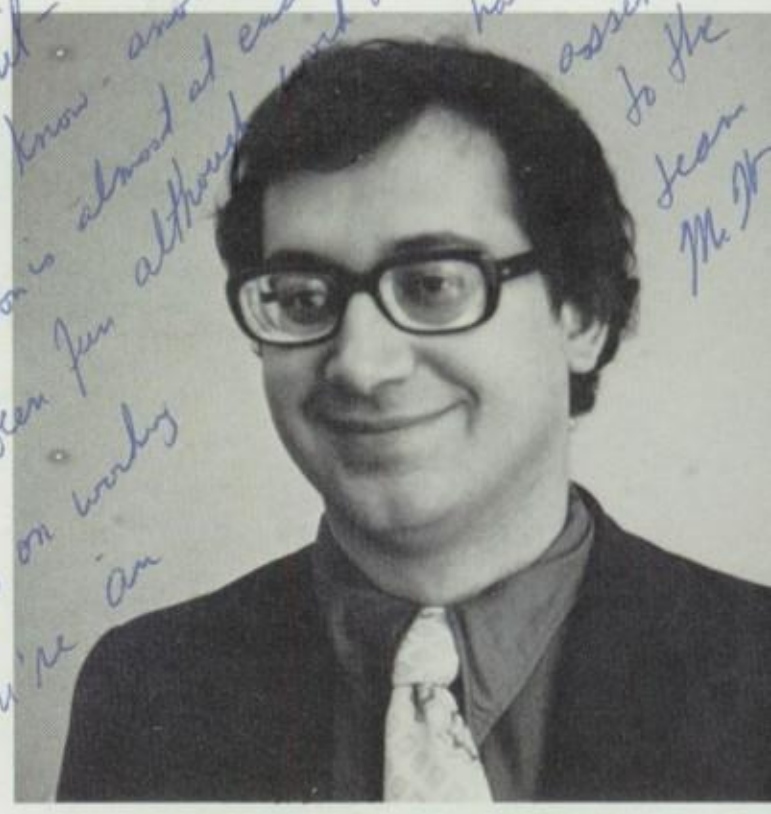
In Appreciation

We wish to show our appreciation to Mr. Wes. & Mr. Stahl for the time they put in working with us, Sharing with us & aging with us.



Successful Advisors Need:

The education of a college president,
The executive ability of a financier,
The humility of a deacon,
The adaptability of a Chameleon,
The hope of a hero,
The wisdom of a servant,
The gentleness of a dove,
The patience of Job,
The grace of God, and
The persistence of the devil.

Samuel Butl

May You Have

Enough happiness to keep you sweet,
Enough trials to keep you strong,
Enough sorrow to keep you human,
Enough hope to keep you happy,
Enough failure to keep you humble,
Enough success to keep you eager,
Enough friends to give you comfort,
Enough wealth to meet your needs,
Enough enthusiasm to look forward,
Enough faith to banish depression,
Enough determination to make each day
better than yesterday.

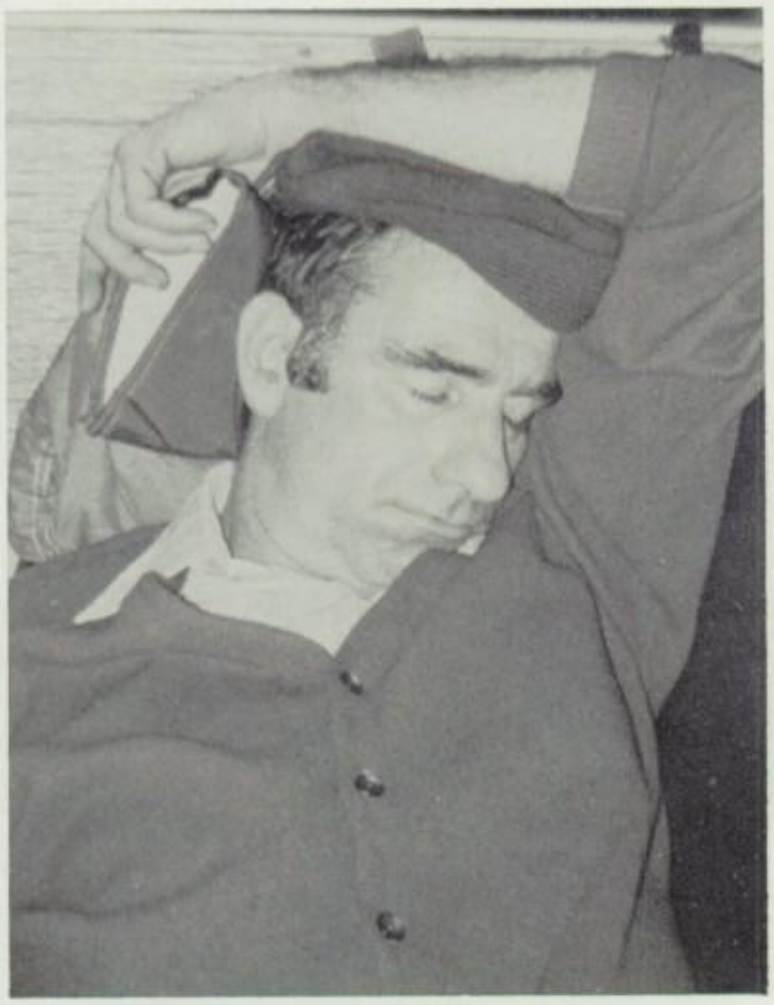
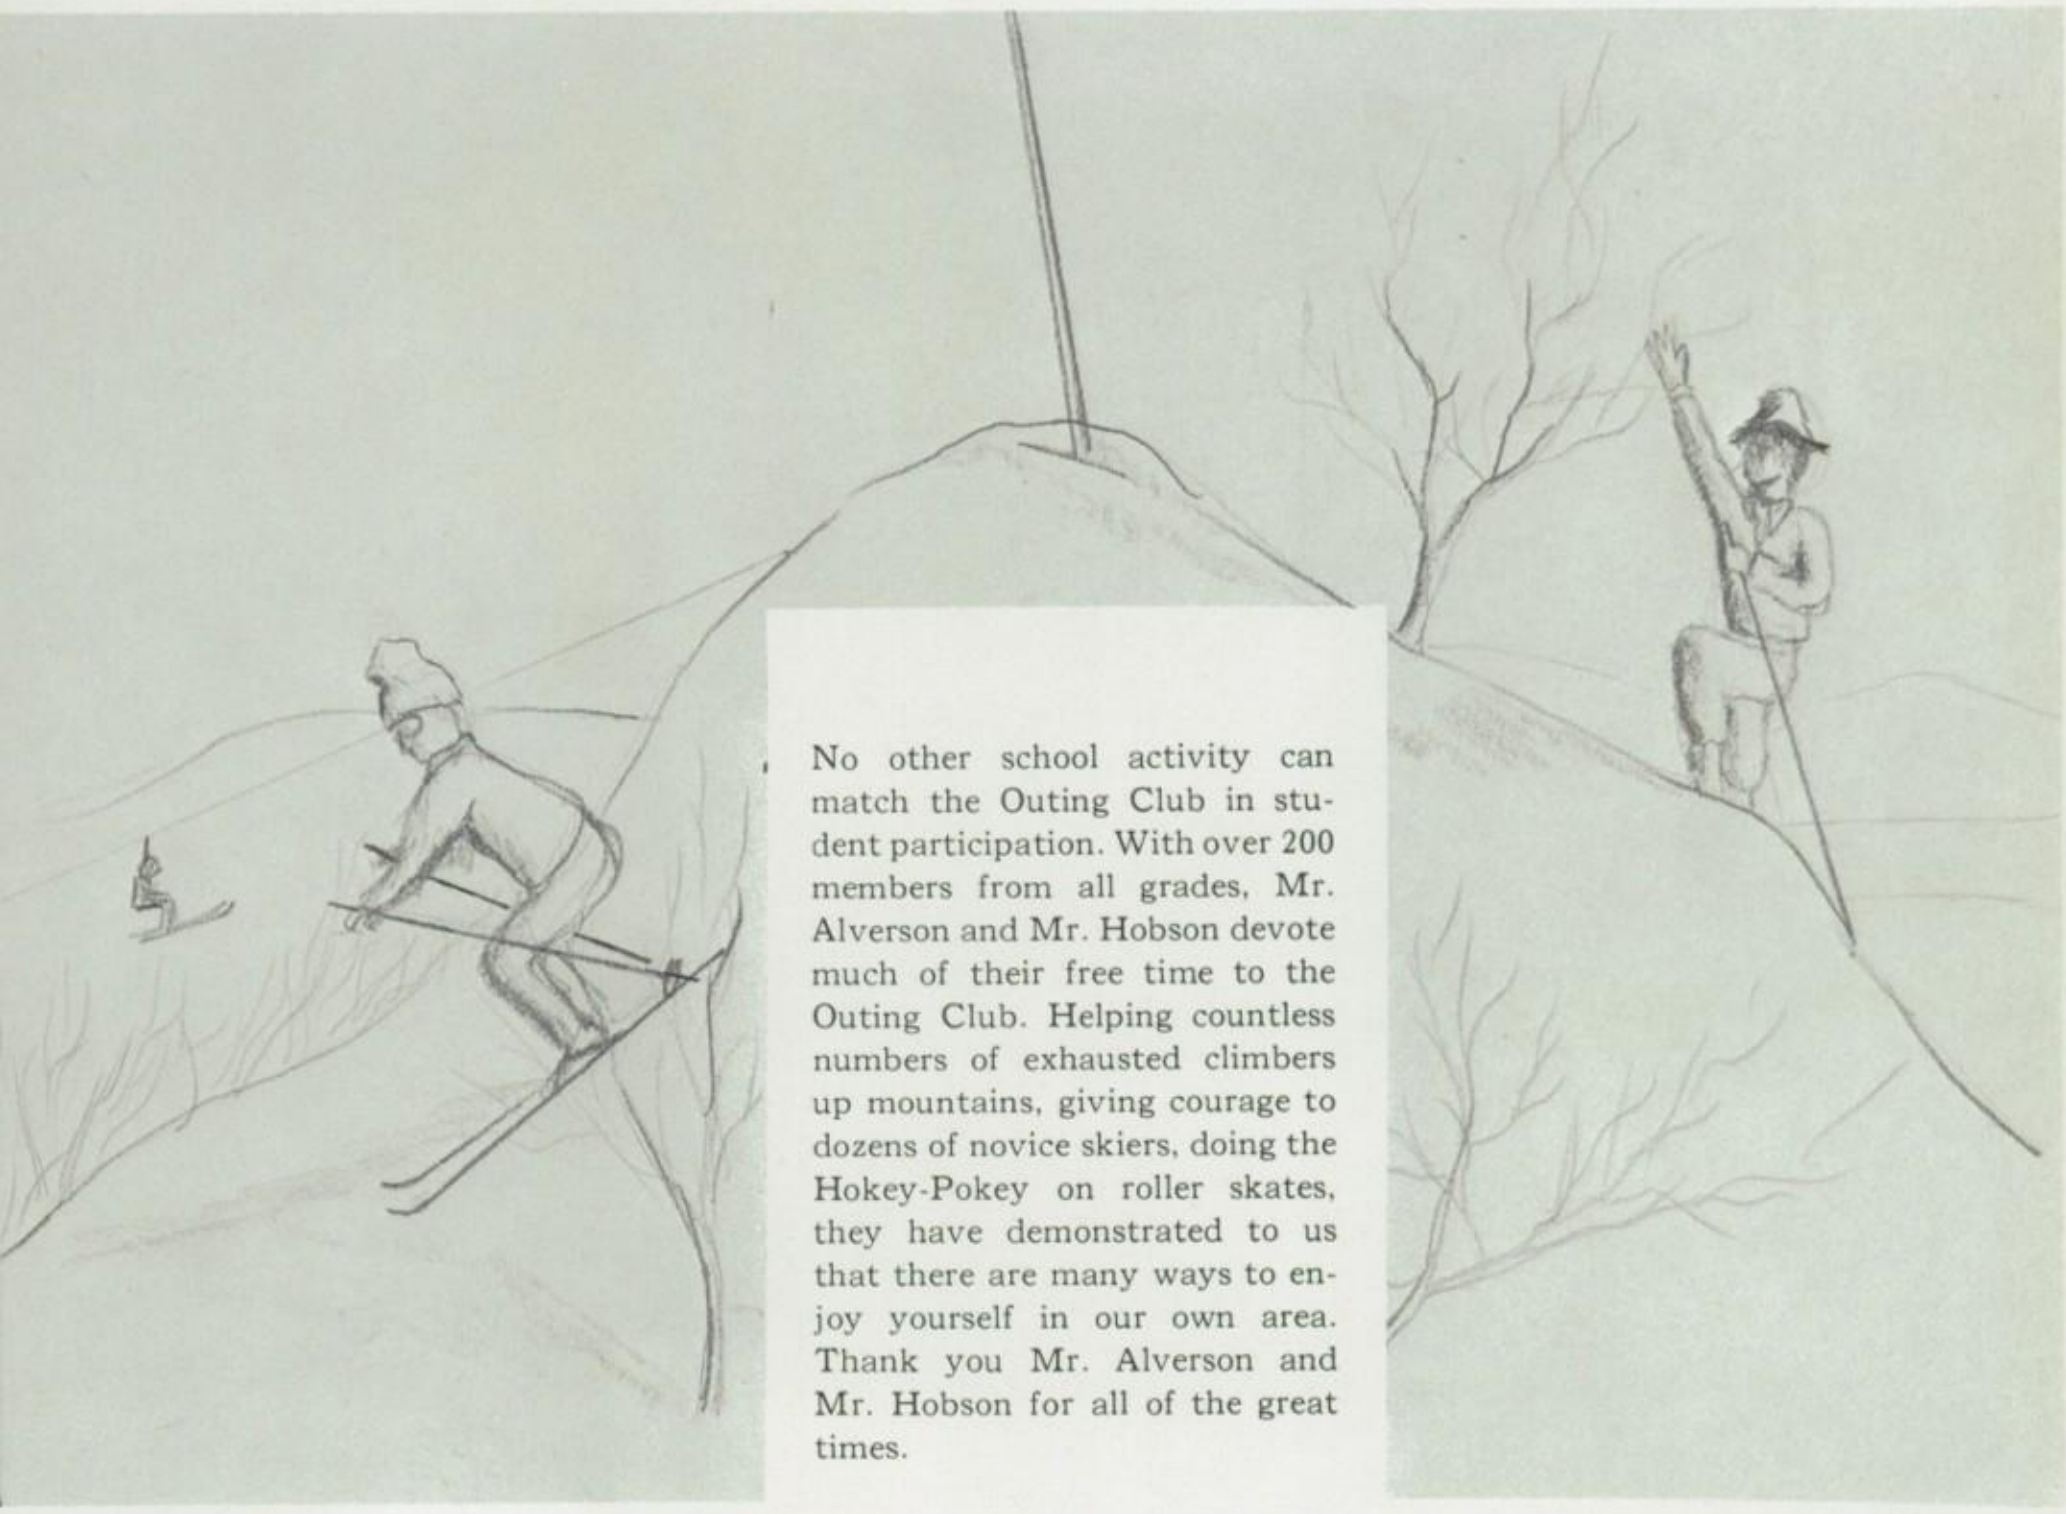
And Special Thanks To



Mr. Alverson

Mr. Hobson



No other school activity can match the Outing Club in student participation. With over 200 members from all grades, Mr. Alverson and Mr. Hobson devote much of their free time to the Outing Club. Helping countless numbers of exhausted climbers up mountains, giving courage to dozens of novice skiers, doing the Hokey-Pokey on roller skates, they have demonstrated to us that there are many ways to enjoy yourself in our own area. Thank you Mr. Alverson and Mr. Hobson for all of the great times.

We Shall Never Forget

Our Creator would never have made such lovely days and have given us the deep heart to enjoy them, above and beyond all thought, unless we were meant to be immortal.

Baseball Round-Up

After the first five games of the season the SLC Varsity baseball team had a record of one win and four losses. Getting their second wind they went on to win eight games in a row to finish in second place in the 'B' division. They went to the play-offs with a record of nine wins and four losses. The semi-finals saw the Larries bow to OFA 3-1 at Snell Field.

The captain of the team was Chris Kilcoyne and the All Northern selections were Tony Truax, pitcher, with a seven win and no loss record, Ronnie Mitchell, left field, with a .372 batting average, and Warren Simms, shortstop, with a .313 batting average. Tony Truax demonstrated his terrific control of the mound by pitching seven outstanding games, including a shutout against Madrid 2-0 which was also a no-hitter. Ronnie Mitchell who at one time during the season was batting .533 fell into a slump, but managed to pull himself out to achieve the highest batting average on the team. Ron ended the season with sixteen hits to his credit.

The highlights of the season were the eight game winning streak and the fact that it was the fourth year in a row we have gone to the sectionals. Many thanks to the Scorekeeper, Shelly MacKinnon, the bat girl, Sue Brabon, and the Managers, Jerry Smith and Danny Farnsworth, for no ballclub would be complete without these key personnel.

Although the team has lost many members, it has gained many new ones. We hope the boys will do as well in "76" as they did in "75".

Brasher

The town of Brasher was erected from Massena on April 21, 1825. Brasher derived its name from Philip Brasher, of Brooklyn, who purchased the land in 1801. From Brasher three villages were established: Helena - 1827, Brasher Falls - 1840 and Brasher Iron Works - 1849.

The first settlement of the area began in 1817 near Helena where they immediately built the first saw mill and grist mill.

Navigational use of the Deer River and St. Regis River was extensive and very quickly settlements spread to Brasher Falls and Brasher Iron Works.

Lawrence

Lawrence was erected from Hopkinton and Brasher in 1828 from which the villages of Nicholville, Lawrenceville and North Lawrence grew. Lawrence derived its name from William Lawrence of New York, who after retiring from business purchased much of the area and promoted settlers to it, the first of which arrived in 1801.

Nicholville owes its existence to the St. Regis River which runs narrow and deep in their area. The town got its name from E. S. Nichols, the executor of the estate of William Lawrence, who later absconded with a large amount of funds belonging to a company. An effort was made to change the name of the village.

Lawrenceville grew rapidly from its beginning in 1809 and by 1827 it had three churches, several mills, stores, a starch factory and its own physician. North Lawrence was one of the busiest railroad centers in the county and boasted one of the largest depots - 50' x 100'.

Stockholm

Stockholm was formed from Massena in 1806. Arrangements for settling the town began in 1800. In 1803 seven families from Orwell, Vermont moved in. In 1804 occurred the greatest flood ever known in the country. The St. Regis River swelled far above its ordinary flood level. Four of the families were forced to flee their homes.

In 1803 fifty sheep arrived from Vermont and from their flock all the farmers in the area obtained their stock. Wolves posed serious threats in the area and bounties of five to twenty dollars were offered.

With the onset of the War of 1812 many of the inhabitants fled Northern New York never to return. Those that did stay built elaborate stockades around their houses but the Indians never did attack.

Danny Keenan---St. Lawrence Central----Maybe the north's most feared hitters. At 5'11', 198 pounds, packs a solid wallop. He is very aggressive, and a very coachable kid says his coach Jerry Mahoney. A first team All-Northern, Keenan, is a definite college prospect.

MVP

John Collins---tackle---St. Lawrence Central---Collins is a repeater at this position. He is regarded as one of the better blockers in the NAC. At 6'3 and 200 pounds he used his size and weight to dig-out several defensive linemen from their positions. Again, this season when the Saints needed a first down or short yardage they went to Collins' hole. He was a unanimous selection for All-Northern honors again.

The One-Room School
By Marguerite Mosby

I remember when I went to school-
Some of us walked; some rode a mule.
To that one-room house upon a hill
Went Mary and I, and Fred, and Bill.
Our one teacher had 40 scholars-
Her monthly wage was 60 dollars:
She taught eight grades from 9 to 4,
Then banked the fire and swept the floor.
Her subjects were not just two three
She taught them all from A to Z;
And then she taught us how to spell
In the one-room school we loved so well.
Seated two in a seat, our faces red,
We tried to grasp what the teacher said.
Lunch was a homemade sandwich or two-
No cafeteria to serve hot stew.
We needed no gym to make us strong,
The two-mile walk home was plenty long.
I'm told kids are learning more today
From specialized teachers with higher pay;
But I remember that one-room school
Where we all were taught the Golden Rule.

The yearbook staff wishes to express special thanks to all who supplied photographs for the historical pages- Mrs. Grace O'Brien, Miss Mae Murray and Mr. George Anderson who loaned us the scrap book of Mr. John F. Byrnes.

Seasons In The Sun

Goodbye to you my trusted friend,
We've known each other since we were nine or ten.
Together we've climbed hills and trees,
Learned of love and A B C's,
Skinned our hearts and skinned our knees.
Goodbye, my friend, it's hard to die,
When all the birds are singing in the sky.
Now that the spring is in the air,
Think of me and I'll be there.

We had joy, we had fun,
We had seasons in the sun.
But the hills that we climbed
Were just seasons out of time.

Goodbye, Pa-Pa, please pray for me,
I was the black sheep of the family.
You tried to teach me right from wrong,
Too much wine and too much song,
Wonder how I got along.
Goodbye, Pa-Pa, it's hard to die,
When all the birds are singing in the sky.
Now that the spring is in the air,
Little children everywhere,
When you see them I'll be there.

We had joy, we had fun,
We had seasons in the sun.
But the wine and the songs,
Like the seasons have all gone.

Goodbye, Michelle, my little one,
You gave me love and helped me find the sun.
And everytime that I was down,
You would always come around,
And get my feet back on the ground.
Goodbye, Michelle, it's hard to die,
When all the birds are singing in the sky.
Now that the spring is in the air,
With the flowers everywhere,
I wish that we could both be there.

We had joy, we had fun,
We had seasons in the sun.
But the stars we could reach,
Were just starfish on the beach.
